HEREBY AUTHORISES

Register to process on my behalf (or on behalf of the company I represent) the operation to update the domain and apply the changes outlined above.

and also declares the following:

* to confirm acceptance of the Registration Agreement of Register and of the Registrar, available at the following address: https://www.register.it/company/legal/ods-registrazione-nomi-dominio.html?lang=en

* to be informed of the fact that failure to deliver this form, duly compiled and signed, within 60 days, will render the requested change procedure null and void.

For gTLDs:

* to be informed of the fact that, following the update operation, the domain concerned, if it's a gTLD, will be set to the Transfer Lock status (preventing transfer of the domain to another Registrar) for a period of 60 days, and to be aware of the fact that, if I intend to transfer the domain to another Registrar, I must complete the data update operation after transferring to another provider, in order to avoid the Transfer Lock Period.

Once the order is completed, the operation will be completed successfully without the need for further confirmation and the Registrar will proceed to send two notifications to the registrant (sent to old and new email contacts), with confirmation that the operation has been completed successfully.

Prior Registrant _____ (Name and Surname in Capitals)

_____ (Signature)

New Registrant _____ (Name and Surname in Capitals)

_____ (Signature)

(Attach copies of ID documents of both signatories or an official statement that declares who signed the document represent the companies, prior and new registrants of the domain names)

The applicants / signatories undertake to indicate, above the copy of the identity document sent together with this form - so that in any case your data remains visible -, the reason for sending (for example, by transcribing the title indicated in the header of this form) and the recipient of the copy (Register S.p.A.).
