

## DIRECT REQUEST FOR AUTH-CODE - DOMAIN REGISTRANT

- Complete and sign the declaration, specifying all items required in legible CAPITAL letters
- Attach a copy of a currently valid ID document (front and rear) of the applicant
- If the domain is assigned to a business or sole trader, the request must be sent on paper with the company heading, or on standard paper with the relative stamp, or stating all company and tax data on the request
- Send the request and documentation to the email address: [documentazione@register.it](mailto:documentazione@register.it) (only in .pdf or .jpg formats)

The Undersigned ..... Tax Code .....

as legal representative of the company .....

VAT reg. no. .... or direct owner (Registrant) of the domain name

.....  
requests delivery of the domain auth-code to the email address

( ) To the current e-mail address of the domain name's Owner (Registrant)

( ) To the new e-mail address of the domain name's Owner (Registrant), as below indicated:

.....  
**IMPORTANT:**

- For all extensions that are NOT ".IT" you will also need to fill in the following form: **Module for change owner, published at <https://www.register.it/assistenza/modulo-delega-designated-agent/>**

- Please note that by entering a new e-mail address in the preceding paragraph you will change the e-mail address of the domain Owner (Registrant) in the domain name registration data.

- For the gTLD extensions, you are informed of the fact that, following the update operation, the domain concerned, if it's a gTLD, will be set to the Transfer Lock status (preventing transfer of the domain to another Registrar) for a period of 60 days. Therefore, the Undersigned is aware of the fact that, if you intend to transfer the domain to another Registrar, you must complete the data update operation after transferring to another provider, in order to avoid the Transfer Lock Period.

The Undersigned declares to have read carefully and approve the General conditions of service (<https://www.register.it/company/legal/?lang=en>) and the Privacy Policy of Register S.p.a. (<https://www.register.it/company/legal/informativa-privacy/?lang=en>)
